

**Dear directors, teachers and artists,**

we are again opening an art competition for preschoolers known as „Kindergarten full of children“. The sense of this project is promotion of creativity and creative approach through the art creation of preschoolers. More than 4000 very interesting art works from all over the Czech Republic took part in this project last year.

As in previous years, as a part of this 11<sup>th</sup> year exhibition the presentation of art works from the Czech kindergartens will be held. The award ceremony for the participating children and public as well will be held in April 2013 in the brand new hall of the UHK in cooperation with PF UHK (Institute of primary and preprimary education). The chosen children will be rewarded a diploma with the photographic picture of their art work and with other smaller presents. This ceremony has become a great event for the children and their families. The child is very often remunerated for its artistic skill in public for the first time and namely from the hands of HK representatives of public life.

**We have always been trying to prepare as much interesting programme of the competition as we can. We certainly need help of children and of you, educators. We are looking forward to sending your art works on free topic and technique, which are interesting and inspiring in some point, or which are exceptionally successful. We are interested in creativity and resourcefulness of the child.** This is the reason why we have to reject those works of art in which the interference of an adult, even with the best intention, could be felt. While judging the children's art works our expert jury composed of assistants from the Department of art culture of UHK namely appreciates those art works on which the children used their own creativity, skills and intelligence without the art influence of their educators and without using any templates. According to our experiences you often want us to give you back the artworks, unfortunately that is out of our skills and financial possibilities. More information about this project is possible to find on this link:

<http://www.mskampanova.a-fw.net/soutez.php?rocnik=10>

**Your sent art works must be clearly marked on backside with:**

- **The name and age of the author**
- **The name of the art work**
- **Full address of kindergarten, telephone number, name of the educator**

It is forbidden, to occur any intervention of adults on front side of art works.

**Keep sending your art works until 25<sup>th</sup> of February 2013 on the following address:**

**Mateřská škola Albertova 767, 50002 Hradec Králové.**

We thank to the children and their teachers for their beautiful pictures, which we have received during the previous years and we are looking forward to another nice meeting with you and your art works.

Organizers of competition:

Bc. Ivona Struhařová, Director of MŠ Kampanova, (tn: 00420495523806)
